N.B. You do NOT have to count one tee shot from everybody

Everybody hits a shot...choose best result...gather up all other balls and congregate at best ball site. Everybody hits (or putts) again ... repeat until holed.

If you have 3 attending members, then rotate the extra shot to simulate a 4th player; i.e. one fellow hits 2 shots for entire hole (from tee to green) until done. Other golfer for next hole. Etc.

Warning: If others in your group have not tried a putt and you tap in a putt (out of turn)(2 in a row) then the extra stroke counts as if no-one made the first putt (even if they do later).

4 man team points will be awarded (8>1). A small stipend will be collected (\$12 per team) and the best scores will be justly rewarded.

If you have only 2 members here, join up with another short handed group and the points will be split accordingly.

Have a nice day!!!!
